Project Schedule and Funding

Project Goals

This project will result in the preparation of a Master Plan that organizes a vision for park improvement that will accommodate present and future demand of the Town's residents. The master planning process will include input from the public, user groups, and community stakeholders.

The plan will provide a road map for improvements that includes phasing options, cost estimates, and maintenance strategies.

This project will also include the preparation of construction documents to replace the existing structures with a multi-purpose comfort station.

Project Approach
